

Special Ingredients for Personal Care

Founded in 2006, Surya Kimya is one of the biggest suppliers and leading manufacturers of pioneering cosmetic ingredients in Turkey. Exceptional functional technical expertise coupled with substantial industry knowledge makes our firm the ideal choice for generating and executing projects for cosmetic companies throughout the world. By using innovative techniques we focus on achieving the highest quality in formulations, production, and marketing.

Extraordinary and unique aspects of our company are extensive R&D as well as formulation studies with scientific input and improvements for our customers ' special demands. Our specialty products can be customized to match your individual requirements.

As Surya Kimya, we believe in sustainability and to support a sustainable future for our society and the planet, we act responsibly to carry or formulate any ingredients obtained from plants that are becoming extinct or unsustainable.

Surya Kimya offers a wide range of product portfolios including an innovative group of extracts and special ingredients.

- Hydrosoluable Botanical Extracts
 - o Glycerine/water and propylene glycol/water-based
- Liposoluable Botanical Extracts
 - Vegetable oil based
- · Coloring Herbal Oils
 - Natural Red, Yellow, and Orange color
 - The natural dye for many cosmetic and aromatherapy products
- Exclusive Complex Extracts
 - Produced and prepared with multiple special herbal activities and extracts exclusively for your formulations to use in your private brands
- · Creativity from long-established experience
- · Traditional plants reinterpreted
- · Cosmeceutical active compounds transformed
- · An innovative process with the highest quality
- Botanical plants employed in high-performance products
- All of the listed botanical herbs can also be encapsulated in liposomes

All the products are delivered in the fastest way together with the required documentation including a certificate of analysis, MSDS, and TDS.

We manufacture all of our products in a modern and innovative approach in compliance with the guidelines for GMP and ISO 9001: 2008, under hygienic conditions.

Please contact us for further information.

Raw ingredients of this collection originate from and are indigenous to French Polynesia composed of 5 archipelagos between Equator and the Tropic of Capricorn, which are the traditional symbols of prosperity. Monoï de Tahiti ® collection holds the beauty secrets passed on from generation to generation of exotic island women.

Islands' either volcanic origin with dramatic volcanic tips poking out of the ocean or coral atolls with giant lagoons inside as well as amazing sunny tropical weather provides an excellent environment and a reservation for lush floral selection and biological diversity.

Monoï de Tahiti ® collection has been produced under ISO 9001 as pharma-grade since 1992 at Tahiti. Guaranteed quality and genuineness Monoï de Tahiti ® is protected worldwide by an Appellation d'Origine (guarantee of Origin) designation.

Rich actives in the Monoï de Tahiti ® collection and their flexible uses in various cosmetic formulations (i.e. facial and body care creams, lotions, hair and body oils, masks, shampoos, shower gels, hair creams, protective, sun product, lip stick and balms, aromatherapic products, candles, butters, peeling and scrubs) offer a large range of unique production processes and variety to the manufacturer.
